

THE THACHER SCHOOL, founded in 1889, is an independent, coeducational boarding school offering a rigorous college preparatory curriculum for students in grades nine through twelve.

Students and faculty at Thacher share a lively curiosity, energy, and an enthusiasm for learning. It is a school in which cooperation, trust, honesty, and respect are the cornerstones of community life.

The Thacher School asks these health questions to determine if it has the resources to accommodate any special health considerations your child may have, but it does not consider disabilities in making admission decisions.

Student's Name _____ **Applicant for Grade** _____

At present, does your child have restrictions of any kind on his or her participation in school sports, or other activities? If so, please explain.

Can your son or daughter be around horses? Are there any restrictions that would prohibit him or her from riding, camping, or backpacking? If so, please explain.

Is your son or daughter presently under any medical treatment of which the school should be aware? If yes, please give reasons, medications prescribed, and names, addresses, and phone numbers of doctors rendering treatment.

Is your child presently seeing a counselor, psychologist, or psychiatrist? If so, please explain. _____

Has your child ever been tested or evaluated for "learning differences" which the school would need to accommodate?

Is your child presently taking any prescribed drug? If yes, please list. _____

Name, address, and phone number of your child's primary physician _____

Signature of parent or guardian

Date
